

Projet d'école 2025-2030

What is a Projet d'Ecole?

A mandatory document

Every French school must write.

A multi-year program, a rigorous schedule

with programming and specific deadlines for each phase.

A set of actions

designed for the academic success of all students.

What it looks like at FISW?

Beyond the administrative demand, our
projet d'école should

Reflect our mission
and values

Be linked to our
Strategic Plan

Consider the specific
needs of our
students.

Be the work of the
teaching team.

How did we choose our priorities?

Evaluation of the previous project

SBA and French Evaluation results

All three axis had to have a bilingual dimension
